Individual member/family questionnaire

These are the specifics needed for members and leaders:

1. Do you have a plan, if yes, share it with the Bishop. If no, talk to the EQ or RS and devise a plan before May 30th. Then share with Bishop.

2. Do you have cell phone #? Is it currently loaded into LDS tools? Is it okay for Bishop/EQ/RS to text you on that cell #?

3. If your plan is to go to evacuation center, then which one?

4. If your plan is to leave, what is Phone # of location where you will be?

5. Do you have prescriptions? Do you have enough supply?

6. As part of your plan, do you have plan for protecting your home/property. Do you have expectations that the Bishop and EQ will help? If so, then this needs to be communicated to Bishop and EQ early. Is material available to protect property (i.e. shutters exist? Are shutters in good condition?

7. What other unique issues exist? Do you take care of elderly? Do you have kids? Do you have pets? Do you need medicine/electricity/extra H2O?

8. Do you have a 72 hour kit (no matter what your plan is)? Is it south Florida specific? (insect spray, sun screen, extra water, snacks, lots of spare socks/clothing, spare cell battery, spare batt charger, alternative communications, i.e. 2 way radios)

9. Aside from family preparedness plan, what are the Ward resources, i.e.:

- Who in the ward has chainsaws, power drivers, hammers, shovels, or other tools?
- Who in the ward is medically trained? Who has first aid kits?
- Who in the ward has proper food supply? Who has H2O supplies
- Who has alternate cooking resources, i.e. barbecue or gas grills?
- Who has spare rooms or resources to share with others?
- What about tents and camping gear?

10. What is the inverse of the preparedness plan? As a ward, what is the situation? Who needs help? Who needs to be contacted before the event, who needs to be contacted during the event, and who needs to be contacted after the event? What is the plan for each of these that need help?

72 Hour Emergency Kit

By Rachel Woods, About LDS Guide, http://lds.about.com

Notes:

- Update your kit every six months (put a note in your calendar/planner) to make sure that: all food, water, and medication are fresh (not expired), clothing fits, personal documents and credit cards are up to date, and batteries are charged.
- Small toys/games are important too as they will provide some comfort and entertainment during a stressful time.
- Older children can be responsible for their own pack of items/clothes too.
- You can include any other items you feel are necessary for your family's survival.
- Some items and/or flavors might leak, melt, "flavor" other items, or break open. Dividing groups of items into individual Ziploc bags might help prevent this.
